MAY & JUNE : End-of-year Evaluations

We are already in the last stretch of the school year and students are getting ready to write the end-of-year evaluations administered by the MEESR*, CQSB or Holland school. Here are some tips to help your child being ready for this very important period of their school year:

1. Get to bed early and sleep well.
2. Eat well, take some fresh air and be active (play outside).
3. Complete all homework & assignments on time.
4. Plan to work a little bit every night rather than doing it all the same day.
5. **Presence at school** is of the utmost importance during this period; do not plan any vacations or appointments since some evaluations take several days to complete and your child could be penalized if absent! **GOOD LUCK!**

Final Exam

* **MELS** (Ministère de l'Éducation, Loisirs et Sports) has now changed to :

MEESR: Ministère de l'Éducation, de l'Enseignement Supérieur et de la Recherche.
